DESCRIPTION

This pocket reference and revision guide is a must for all medical students and junior doctors preparing for major exams in obstetrics and gynaecology or needing a rapid reminder during a clinical attachment. Now thoroughly updated, this second edition has been reordered into three sections - covering obstetrics, gynaecology, and procedures – to provide a more systematic and ordered approach to learning that takes into consideration the natural division within the specialty.

Covering all key topics in Obstetrics and Gynaecology, this succinct account of the core and common conditions found in clinical settings and exams is the ideal refresher covering just the basic, relevant facts.

ABOUT THE AUTHOR

Misha Moore, Sarah-Jane Lam, and Adam R. Kay are all Specialist Registrars in Obstetrics and Gynaecology at the London Deanery.
SERIES
