Ecology of Urban Environments
Kirsten M. Parris

Paperback ISBN: 978-1-444-33265-0 May 2016 $57.25
Hardcover ISBN: 978-1-444-33264-3 May 2016 $145.50

DESCRIPTION

Provides an accessible introduction to urban ecology, using established ecological theory to identify generalities in the complexity of urban environments.

• Examines the bio-physical processes of urbanization and how these influence the dynamics of urban populations, communities and ecosystems
• Explores the ecology of humans in cities
• Discusses practical strategies for conserving biodiversity and maintaining ecosystem services in urban environments
• Includes case studies with questions to improve retention and understanding
