Lung Cancer: A Multidisciplinary Approach provides clinicians with a comprehensive text that can be used when caring for patients with lung cancer throughout the entire patient journey. This edited collection explores the aetiology of lung cancer; mesothelioma; the range of available treatments, including chemotherapy and radiotherapy; surgical care; supportive and end-of-life care; quality-of-life issues; and the role of the nurse within the multidisciplinary team.

- A comprehensive, evidence-based guide to lung cancer
- Illustrative case studies used throughout
- Contributions from respected healthcare professionals in the field
- Interprofessional in focus

Lung Cancer: A Multidisciplinary Approach is an essential resource for all nurses and healthcare professionals working with cancer patients.
ABOUT THE AUTHOR

Alison Leary is Senior Lecturer in Oncology at University College London NHS Foundation Trust. She is also Visiting Fellow at Kings College London.
