DESCRIPTION

Foreword by Kenneth A. Feldman

Not since Feldman and Newcomb’s 1969 landmark book, *The Impact of College on Students* has there been such an comprehensive resource available on what is known about the effect of college on students. In this book, Pascarella and Terenzini take up where Feldman and Newcomb left off, synthesizing twenty more years of empirical research and over 2,600 studies, distilling what is known about how students change and benefit as a consequence of attending college.

ABOUT THE AUTHOR

**Ernest T. Pascarella** is the Mary Louise Petersen Professor of Higher Education at the University of Iowa. He has received numerous awards for his research from national professional and scholarly associations. In 2003 he received the Howard R. Bowen Distinguished Career Award from the Association for the Study of Higher Education.
