Advertisement Specifications

Wiley Online Library Advertising Specifications

Wiley Online Library (WOL) is one of the world's most heavily-trafficked online resources for scientific, medical and scholarly content. Each of Wiley's 400+ healthcare and life science print journals has a section on WOL. Each section hosts current and archived journal articles as well as online-only articles. Some Wiley journals do not publish in print so that their section on WOL is the only place their target audiences can consume their content. <http://onlinelibrary.wiley.com/>

Digital Ad Serving Platform

Wiley uses DoubleClick for Publishers (DFP) Premium to traffic digital ads.
