From the Editors of the Journal of Research in Science Teaching (JRST)
Angela Calabrese Barton and Joseph Krajcik

1. A Call for JRST Editorial Board Members

The JRST editorial team uses NARST researchers as important participants in the review process. Each year, one-third of the 40 member Editorial Board is replaced by new members. The appointment is for three years, contingent on performance. NARST policy requires that a member of the JRST editorial board must review each JRST manuscript. All NARST members in good standing who have published in JRST at least once, and who have experience as a JRST reviewer in Manuscript Central, may apply for this scholarly service. Duties include in-depth review of 6 to 8 manuscripts yearly and attendance at the annual JRST Editorial Board Meeting/Dinner at the National Association for Research (NARST) Conference. Applications from International members are especially welcomed.

To apply, please submit:
- A cover letter, which includes a description of your research expertise.
- A two-page curriculum vita (highlight publications in prominent refereed journals in science education and your previous reviewing or editing experience).

Applications should be submitted electronically at: http://jrst-editors.net/ between January 1 and February 15, 2010.

If you have any questions please contact Angela Calabrese Barton (acb@msu.edu) or Joseph Krajcik (krajcik@umich.edu), Editors, Journal of Research in Science Teaching.
